O R D E R

On January 7, 1998, SprintCom, Inc. ("SprintCom") filed an application with the Commission requesting a Certificate of Public Convenience and Necessity to construct and operate a personal communications services facility at 255 North Bend Road, Hebron, Boone County, Kentucky.

As part of that application SprintCom indicated that it had canvassed the Cincinnati major trading area for all possible collocation opportunities for its personal communications services network and that it had investigated the possibility of collocation on other like facilities and structures in the area. On March 5, 1998, an intervenor, Arlinghaus Builders, Inc. ("Arlinghaus Builders") filed a request for the information supporting these claims. On April 6, 1998, Arlinghaus Builders filed a motion with the Commission to compel SprintCom to respond to the information request. The Commission can find no reason why this request has gone longer than 30 days without being answered since the application stated the information was in the possession of SprintCom. The motion to compel is granted.

Arlinghaus Builders also requested the Commission to reschedule the public hearing, due to the failure of SprintCom to answer the data request. The Commission will hold that motion in abeyance pending further orders of the Commission.

IT IS HEREBY ORDERED that:

1. SprintCom shall file its response to the information request of Arlinghaus Builders on or before April 17, 1998. SprintCom shall file four copies of its response with the Commission.

2. The motion to reschedule the May 19, 1998 hearing is held in abeyance pending the response of SprintCom to this Order.

Done at Frankfort, Kentucky, this 9th day of April, 1998.
